

## The Rochester Area Society of Health-System Pharmacists

### 2.0 Credit Hour CE Program

---

Saturday, April 15<sup>th</sup> 2023

9:00 am – 11:00 am

**Location:**

*Integrated Science and Health Building Room 118*

St. John Fisher University

### Residency Symposium: Pharmacy Clinical Pearls

---

**Presenters:**

Rufina Tsur-Tsar, PharmD

Brianne Comstock, PharmD

Faezeh Azizi, PharmD

Michael Dinh, PharmD

Hannah Fifield, PharmD

---

#### Objectives

**To DigiFab or Not** (Rufina Tsur-Tsar, PharmD)

Pharmacist Objectives

1. Review signs, symptoms, and risk factors of digoxin toxicity
2. Distinguish the dosing of digoxin immune fab (DigiFab®) for acute versus chronic digoxin toxicity and apply to a patient case

Technicians Objectives

1. Describe the mechanism of action of digoxin immune fab
2. Identify the appropriate storage conditions for digoxin immune fab

**What's the DL on LDL Goals?** (Brianne Comstock, PharmD)

Pharmacist Learning Objectives

1. Identify various guideline recommended LDL targets and the studies behind these recommendations
2. Evaluate the impact LDL goal recommendations have on patient care

Technician Learning Objectives

1. Identify the most common LDL lowering medications
2. Describe the cardiovascular benefits of LDL lowering medications

**Thromboprophylaxis in Ambulatory Patients with Cancer** (Faezeh Azizi, PharmD)

Pharmacist Learning Objectives

1. Identify ambulatory patients with cancer at increased risk for venous thromboembolism (VTE) development
2. Devise an appropriate VTE prophylaxis regimen based on current literature

### Technician Learning Objectives

1. Identify possible risk factors associated with development of VTE in patients with cancer
2. List medication and common doses used for VTE prophylaxis in patients with cancer

### **Carbapenem Resistant Acinetobacter Baumannii (CRAB): A Patient Case** (Michael Dinh, PharmD)

#### Pharmacist Learning Objectives

1. Determine appropriate agents for patients with CRAB
2. Review therapeutic drug monitoring for aminoglycosides

#### Technician Learning Objectives

3. Identify brand name of ampicillin/sulbactam
4. Recognize typical doses for ampicillin/sulbactam versus doses used for CRAB

### **Sugar We're Going Down: Continuous Glucose Monitors for Diabetes Management** (Hannah Fifield, PharmD)

#### Pharmacist Learning Objectives

1. Explain time in range and how it can be applicable clinically
2. Analyze a continuous glucose monitor report and the data it presents

#### Pharmacy Technician Learning Objectives

1. Recall what continuous glucose monitors are and what information they provide
2. Identify what continuous glucose monitor would be most appropriate based on patient specific information

### How to Register:

- Please use your PayPal account through our website at [www.rashp.org](http://www.rashp.org) to pay and register for the event. If you have any questions please email [kara.cutiaia@rochesterregional.org](mailto:kara.cutiaia@rochesterregional.org). **Reservations must be made by Friday, April 14, 2023.**
- If you register for the meeting, but cannot attend, please notify RASHP ASAP to avoid chapter charges.
- Please note that all attendees will have 45 days from the date of the program to process their CE.

### Fees:

- **NYSCHP Members, Rochester Chapter (RASHP) - (\$10)**
- **WSOP Student Members and Technicians - (\$5)**
- **Non-RASHP Member Healthcare Professional Requesting CE - (\$25)**

This program is appropriate for pharmacists, technicians, nurses, physicians, dentists and other health care professionals. This program is a knowledge-based continuing professional education activity (CPE) where pharmacists and technicians acquire factual knowledge based on evidence as accepted in the literature by health care professions. This program is sponsored by RASHP.

The NYS Council of Health-system Pharmacists is accredited by the Accreditation Council for Pharmacy Education as a provider of continuing pharmacy education. These programs (0134-0000-22-053-L01-P, 0134-0000-22-053-L01-T) are approved for 2.0 contact hours. **Statements of Continuing Pharmacy Education Credit are available by survey links given after the program. Participant must verify attendance at the meeting by entering the program CE code. Attendees have forty five (45) days to evaluate the program and obtain their statements of credit**

*Payments to NYSCHP are not deductible as charitable contributions for federal income tax purposes. However, they may be deductible under other provisions of the Internal Revenue Code (i.e., ordinary, necessary business expenses; miscellaneous itemized deduction).*
