UR Medicine – University of Rochester Medical Center

Electronic Health records and Medications are we any safer?

Lisa Nelson, Pharm.D., BCPS
Senior Director- Core Clinical Systems
UR Medicine - University of Rochester Medical Center

AND

Will Bossard, Pharm.D.
Associate Director – Pharmacy Informatics
UR Medicine - University of Rochester Medical Center

Wednesday Sept 25th, 2019

5:15 pm Registration
5:30 pm Dinner
6:00 pm – 8:00 pm Program

Location:

St. John Fisher College
Integrated Science and Health Science Building

Room 117
3690 East Ave
Rochester, NY 14618

Objectives

Sterile Compounding – Regulatory and Safety factors driving the future of pharmacy practice

Pharmacist Objectives:

1. Describe the regulatory structure and oversight of sterile compounding today
2. Provide updates from the FDA and Congress regarding recognition of technology in the sterile compounding process
3. Describe and discuss evolution of technology in sterile compounding available today and the potential patient safety impact
4. Describe and quantify the current use of technology at UR in sterile compounding, impact on patient safety, and how the pharmacist oversight process is enhanced
5. Discuss the future of sterile compounding technology and how it will impact pharmacy practice

Technician Objectives:

1. Describe an overview of regulatory structure of pharmacy technician activities related to sterile compounding both nationally and in NYS
2. Provide updates from the FDA and Congress regarding recognition of technology in the sterile compounding process
3. Describe evolution of technology in sterile compounding and how this impacts pharmacy technician roles
4. Describe and quantify the current use of technology at UR in sterile compounding, the impact on patient safety and support for technicians in the process
5. Discuss the future of sterile compounding technology and the role of the pharmacy technician

Electronic Health records and Medications are we any safer?

Pharmacist Objectives:

1. Explain the evolution of how electronic health records have made the medication use process more safe
2. Demonstrate using data from IV pump integration and bar code medication data how integration improves patient safety
3. Describe how using the above data supports the continuous improvement process for the Informatics team
4. Lay out how dashboards and data within the medication record can drive patient specific interventions

Technician Objectives:

1. Explain the evolution of how electronic health records have made the medication use process more safe
2. Explain how data within the record impacts patient safety
3. Describe how data contributes to the continuous improvement process
4. Demonstrate the use of dashboards and reports

- **WSOP Student Members and technicians - (\$20)**
- **Non-RASHP Member healthcare professional requesting CE (\$150)**

This program is appropriate for pharmacists, technicians, nurses, physicians, dentists and other health care professionals. This program is a knowledge-based continuing professional education activity (CPE) where pharmacists and technicians acquire factual knowledge based on evidence as accepted in the literature by health care professions. This program is sponsored by RASHP.

The NYS Council of Health-system Pharmacists is accredited by the Accreditation Council for Pharmacy Education as a provider of continuing pharmacy education. These programs (0134-0000-15-170-L01-P, 0134-0000-15-172-L01-P, 0134-0000-15-0171-L01-T, 0134-0000-15-172-L01-T) are approved for 0.2 CEU's (2 contact hours). **Statements of Continuing Pharmacy Education Credit are available by survey links given after the program. Participant must verify attendance at the meeting by entering the program CE code. Attendees have forty five (45) days to evaluate the program and obtain their statements of credit**

Payments to NYSCHP are not deductible as charitable contributions for federal income tax purposes. However, they may be deductible under other provisions of the Internal Revenue Code (i.e., ordinary, necessary business expenses; miscellaneous itemized deduction).
